**1.6 Adjust our approach to the development of educational offerings so that there is a greater focus on the whole program.**

**Program Architecture 2 (PA2)**

PA2 is a framework for the design and development of new and enhanced programs. It focuses on the whole program, rather than just individual courses. PA2 is a key component of the University's strategic plan for 2021-2025. It is designed to ensure that all programs are of high quality and meet the needs of our students and the community. PA2 is a framework for the design and development of new and enhanced programs. It focuses on the whole program, rather than just individual courses. PA2 is a key component of the University's strategic plan for 2021-2025. It is designed to ensure that all programs are of high quality and meet the needs of our students and the community.

**New and enhanced programs**

In 2020, Queensland University of Technology (QUT) launched a new program, the Bachelor of Business (Honours). This program is designed to provide students with a strong foundation in business and a research focus. The program is a four-year degree that includes a research project in the final year. The program is designed to provide students with a strong foundation in business and a research focus. The program is a four-year degree that includes a research project in the final year. The program is designed to provide students with a strong foundation in business and a research focus. The program is a four-year degree that includes a research project in the final year.

**Mental health strategy**

The University of Queensland (UQ) has developed a Mental Health Strategy for 2018-2020. This strategy is designed to support the mental health and well-being of students, staff, and the community. The strategy includes a range of initiatives, such as providing mental health services, promoting mental health awareness, and supporting research in mental health. The strategy is designed to support the mental health and well-being of students, staff, and the community. The strategy includes a range of initiatives, such as providing mental health services, promoting mental health awareness, and supporting research in mental health.

**Embedding Aboriginal and Torres Strait Islander culture into the curriculum**

The University of Queensland (UQ) is committed to embedding Aboriginal and Torres Strait Islander culture into the curriculum. This is done through a range of initiatives, such as providing cultural awareness training for staff and students, and incorporating Indigenous perspectives into teaching and learning. The University is committed to embedding Aboriginal and Torres Strait Islander culture into the curriculum. This is done through a range of initiatives, such as providing cultural awareness training for staff and students, and incorporating Indigenous perspectives into teaching and learning.
